Job description:

Omaha Integrative Care's Mission

Omaha Integrative Care's mission is to create a sustainable healing space where practitioners focus on wellness, healing, and treating the whole person using the principles of integrative medicine. By cultivating professional relationships, educating ourselves and collaborating in all modalities we strive to both treat and educate people looking to live life to the fullest.

Job summary

Licensed Mental Health Professionals (LMHPs) at Omaha Integrative Care are responsible for providing mental health treatments and related services integrated with patients' medical goals and needs. This may be done on an individual or group level and includes community education and awareness on the value of mind/body medicine and integrative care.

Summary of essential job functions

- Coordinate all phases of care including initial assessment, care planning, monitoring, education and counseling of patients seeking mental health services.
- Evaluate, interpret, monitor and document the status and needs of patients using established standards of care and practice guidelines.
- Develop, review, update and implement educational materials to meet the needs of patients and professionals.
- Function as an integral member of the clinical interdisciplinary team.
- Collaborate and coordinate patient care with practitioners within and outside of Omaha Integrative Care.
- Maintain licensure and professional standards of professional associations.

Ideal Candidate Qualities

- Capacity for compassion and flexibility.
- Strong desire for continued learning and professional growth.
- Commitment to interdisciplinary learning and collaboration beyond direct patient care.
- Creativity and enthusiasm for an integrative environment.
- Capacity for collective leadership and self- management.
- Ability to meet administrative and financial commitments necessary to sustainable care for clients.

Minimum requirements

- Masters from an accredited counseling, social work, psychology or related program.
- Clinical experience and training.
- Licensed by the state of Nebraska.
- Commitment to an anti-oppressive therapeutic framework.

- Preference will be given to Licensed Independent Mental Health Providers.

Abilities required

- Computer skills necessary to complete documentation and develop materials.
- Communication skills relevant to working with patients and coordinating care with other medical providers.

Benefits:

Collaborative model with a multi-disciplinary team

Take as you need PTO

Flexible hours

Education and training opportunities

Supportive coaching and consultation

Sales Commission
